Tremulant Grand Orgue and Positif expressif
Vent flexible

Tremulant Récit expressif
Cymbelstern [*knob preparation*]

Balanced Positif expressif and Récit expressif Pedals

Kowalyshyn Servopneumatic Lever: This provides a pneumatic assist (similar to a Barker Machine, but more refined) to the Grand Orgue key action. It also allows the addition of the "Octaves graves" coupler to the organ. This coupler couples the servopneumatic lever to itself one octave lower. Therefore it couples the Grand Orgue to itself at sub-octaves and any division coupled to the Grand Orgue also appears on the Grand Orgue at sub-octaves.

Keydesk: Attached to case, three manuals and pedal; manuals 61 keys CC - c4, naturals of bone, sharps of ebony; flat pedalboard 32 keys CC - g1.
